

I want to register my protest to Sinclair
Broadcastings plans to air "Stolen Honor" as news.
IF this is the result of de-regulation, then I think we
have gone to far... and the Fairness Doctrine needs
to be re-instated.

Too many people are being exposed to "news" that
is no more than public opinion.

Please realize that "protecting free speech" means
that those with power, influence , and money
shouldn't be the ones controlling what the public is
allowed to hear.

Than you.
